

ANNUAL REPORT

2019-2020

ABOUT LOGAN TOGETHER

By 2025, if we can assist an extra 5,000 Logan kids to arrive at 8 years old in great shape, we'll have achieved our goals.

Logan Together uses collective impact and community leadership to grow Logan's kids up well. The goal is to give Logan kids aged zero to eight every chance to achieve their potential by uniting people from diverse organisational and personal backgrounds in a whole-of-community movement. Powered by a dedicated backbone team, the movement mobilises resources and work to ensure every child gets the support they need to be the best they can be.

We need to do things at every age and stage of childhood, and we need to strengthen communities and support families too. Part of our vision is to build a long-term community movement where everybody knows lots about child development and values kids. We want to see changes in the way governments design and spend their social investment dollars, and more devolved decision making, at the local level, with a meaningful role for the local community in decision-making

FROM CO-CHAIRS OF THE LEADERSHIP TABLE

When we reflect on the last 12 months as Co-chairs of the Logan Together Leadership Table, we think about a period of transition, of rapid adjustment to the COVID pandemic, and of growing confidence in the quality of our local governance.

OUR KEY TRANSITIONS

During 2019, we transitioned from a single Chair model for the Table to a Co-chair model that sees a member of our Warril Yari-Go Karulbo First Nations Leaders Group always holding at least one of the Co-chair roles.

The vision to ensure the voice of our First Nations leadership was at the centre of our governance was clear, but how that new model would work to strengthen our Table's decision-making and impact was and remains a learning process. It has required a mind-set shift to value the knowledge and practices of First Nations people at the centre of our planning and governance, and it has required us to build relationships based on trust and respect so we can navigate mis-steps, misunderstandings and learnings along the way.

This continues to be a work in progress but the benefits for the ambitions of Logan Together are shining through. We are working hard together to honour our pledge to breathe life locally into our ChangeFest 2018 statement. We are modelling First Nations practice to set a strong circle for Leadership Table business. We are embracing increasing influence from our cultural and community leaders in setting the direction and pace for change. And, we are growing in our ability to have respectful and robust debate to ensure we support culturally-safe processes to solve the right problems together with our community.

During 2019, we also transitioned to a refreshed membership of the Leadership Table and agreed the roles and responsibilities of all members who are part of this cross-sector governance group. As a Table, we have become less-reliant on the Backbone Team to drive the agenda and the work of the Leadership Table. This is a positive sign of our growing maturity as a governance group. With the dedication of our new secretariat and the commitment of our Table members, we have strengthened our forward planning for our meeting agendas, increased our discipline with agenda papers so members have the opportunity to prepare and consult on issues ahead of meetings, and we are holding our feet to the fire when it comes to making decisions and tracking our progress with agreed actions. We will continue to build on these efforts in the next year as part of our commitment to governing the Logan Together endeavour with transparency, with rigour, and through partnership and shared accountability.

OUR RESPONSE TO THE PANDEMIC

Halfway through this year, our nation experienced a cumulation of toxic shocks – drought, floods, bushfires, and the COVID pandemic. These shocks have unleashed widespread destruction on our national economy and our assets, have stolen lives and livelihoods, and have changed our way of life. The wave of consequences from these shocks risk deepening poverty and disadvantage for our community of Logan.

But the pandemic generated a razor-like focus within the Table to maximise the resources and relationships of members to manage the risks facing our most vulnerable members of our community. The crisis response led by our Logan City Council delivered rapid coordination and trusted information in support of our community.

The increased outreach delivered through our Indigenous and mainstream hubs delivered practical support and new ways of building connection for our families who were at greatest risk from the isolation measures. The work of our schools and early learning centres supported our families to continue our children's learning from home. Our service delivery partners kept their doors open and stayed on the road despite the inherent challenges. Our governments increased resources to address emerging need. The opportunistic work of our Backbone Team capitalised on economic stimulus recovery opportunities to bring new investment into essential community-building infrastructure for Logan. These examples highlight the agility with which our Leadership Table responded to a crisis in our community to maximise safety and health, while in parallel leveraging the crisis to help Logan build back for a stronger future.

OUR GROWING CONFIDENCE IN OUR ABILITY TO GOVERN WELL

Our progress over the last 12 months to achieve a positive transition with our Leadership Table model with the support of our new membership, and our collective efforts to respond to the COVID-crisis, give us confidence in the skill and will of our Leadership Table to strengthen our impact to support our community's aspirations. Most significantly, our growing shift in dynamic that sees power starting to be shared more equally across our movement, greater valuing of and support for grass roots voice and contribution, and greater effort from the Table to drive our planning and accountability, anchor our Leadership Table efforts going forward to govern with transparency and integrity.

Finally, we want to express our gratitude to our fellow Leadership Table members for their support, encouragement and patience through what has become known as a year of "unprecedented" challenges. We feel both the enormous privilege and the enormous responsibility of our role as Co-chairs of our diverse and dynamic group of impact warriors. Together as Co-chairs, and together with our Table, we will continue to learn and improve our governance in support of the Logan Together ambition – to ensure all our children have the opportunity to reach their potential, with the support of their loving families and their strong, connected community.

Janet Stodulka and Peter Eather

FROM CHAIR OF THE BOARD

2019-20 has been a significant year for the Logan Child Friendly Board marking the half-way point in the 10-year life span of the initiative. There is no doubt that 2020 has brought with it significant challenges for us in our governance, planning and accountability roles as – like everybody else – we rapidly came to grips with new ways of working that both safeguarded the wellbeing of our staff and kept our work going.

Our focus earlier in the year was largely about working through the implications of COVID-19 both to ensure the organisation and movement were supported – facilitating and bringing together the Logan Community - and managing health and safety of the Backbone Team.

I am proud of the way we, as a board, organisation and movement were able to change very quickly, doing our work in quite different ways, learning on the go, while also prioritising the health and safety of the team.

Our decision to keep the office open and combine working from home with working from the office meant we could keep a presence in the community physically and provide reassurance for those people wanting to work from home.

As a Board, we decided very quickly with the onset of COVID-19 that we needed to maintain support for our community despite the lack of certainty about what might be possible and the length of time during which alternative service strategies would need to be deployed. The facilitated the Backbone team to:

- Bridge the digital divide - access to both computers and data became an essential ingredient in learning and connecting, and the digital divide that we knew existed really became a chasm. We worked with Substation 33; philanthropic contributors; and local agencies to get data and refurbished computers into the hands of families needing them, especially to facilitate home schooling and learning.

- Explore new ways of connection - we recognised that staying connected was key to being resilient in this new world. To help people connect and provide a single point of truth for critical information, we built *Stronger Together Logan* an online platform to keep people connected through adversity. With hundreds of posts providing activities for kids; parents; info about how to discuss COVID and information about how to find all sort of support *Stronger Together Logan* became an invaluable resource for the community.
- Keep the community moving - a key response to the pandemic was to try to keep kids and families physically active. Repurposing the work of the Community Active Partnerships program, a Library of physical activity was developed in partnership with the Multicultural Sports Club and local coaches. Sessions were provided for families everyday on Stronger Together Logan.

Our face-to-face interactions very quickly became online as we learned and supported our partners in the gentle art of online meeting.

We welcomed a new member to the Board this year, Lyn Hamill.

I also wish to thank Cath Bartolo from YFS who steered the Board for many years and stepped down at the end of 2019. We are fortunate to have Cath continue her role on the Leadership Table. We also farewelled Bris Ibanez who was with the board for a number of years, following her move to Sydney to take up a new job Without the contribution of these extraordinary women, we would not be where we are today.

I am looking forward to 2020-21 and the challenges that lie ahead. Finally, I would like to acknowledge Matthew, Sue and the whole Backbone team for getting us through what has been – yes, I'm going to say it – an unprecedented year.

Marg Allison

FROM THE EXECUTIVE DIRECTOR

"My thanks as always to the dozens and dozens of partners, funders and local community leaders who make the Logan Together Movement what it is – it is a pleasure to share this journey with you all."

Incredible as it seems, by the time this annual report is published Logan Together will be five years old. In many important ways the Movement has evolved and matured over that time and the events of the past year point to that emerging maturity.

2019-20 marked the first full year of operating under our new independent charitable company – Logan Child Friendly Community Limited, so ably chaired by Margaret Allison. It is also the first full year of operations under our five year partnership with the Queensland and Commonwealth Governments.

The stability these two developments have delivered have allowed us to accelerate work across the community and also begin the planning and thinking to set sail for the next five years.

Developing our community leadership processes has been an important focus this year, with the co-chairing arrangements for the Leadership Table and building up the governance structures around the Warril Yari-Go Karulbo First Nations Leadership Group a highlight. We are currently working across the community to advance appropriate arrangements with the Pasifika and CALD communities.

The year has also seen widening adoption of the Logan Children's Charter developed by the Children Together group – another important foundation for the Movement.

A host of projects have progressed across our areas of interest including the Community Active Partnerships project promoting physical activity among the under 8s; the Logan Rivers project reaching out to families in the Logan Village and Yarrabilba districts; the very exciting Logan Sings project – as well as continuing projects such as the Maternity Hubs, ToTs health outreach project, Backing Young Parents, Kindy to Prep and Community Gateways project.

Involvement in the new Stronger Places Stronger People National Leadership Group has been a personal highlight for me – connecting our work here in Logan with similar projects all around the country and sharing our hopes and aspirations with some of Australia's most respected social policy thinkers and leaders.

For the full story on all that has been accomplished, can I recommend to you the recently completed Progress Review completed by Clear Horizon and available on the Logan Together website.

My thanks as always to the dozens and dozens of partners, funders and local community leaders who make the Logan Together Movement what it is – it is a pleasure to share this journey with you all.

Matthew Cox

ON THE NATIONAL STAGE

This year has seen a lot of movement in on the national front for fundamental social change and a growing understanding of the importance of place-based initiatives like ours.

Logan Together joined forces with many others in civil society to start a campaign to keep the momentum of change going. [Australia Together](#) was formed in the belief that Australia can be bold, visionary and #BuildBackBetter from the pandemic. We believe that there's a unique opportunity for Australia to build on the goodwill and collaboration seen through the COVID-19 experience to tackle some of the country's enduring challenges.

FROM THE ACTION GROUP

The Action Group is an operational coordination and collaboration mechanism which meets monthly. It both informs and is informed by the work of the Leadership Table. Its members assist with the establishment and oversight of project working groups and commit to cultural and systematic change. The Action Group links to the Supporting Families, Changing Futures child protection reform agenda and its associated governance structure.

The Action Group has worked on developing a consistent membership group where members participate in meetings and the actions that flow from discussions at the meetings. An induction buddy process facilitates the introduction of new members with the aim of supporting them as they join the Action Group. A significant achievement has been the development of the *Logan Children's Charter* and associated Toolkit. Plans were in place to implement this from April 2020 with a focus on a range of Logan business and then seek feedback to further refine the approach for wider implementation. These plans were reviewed due to the impact of COVID. The revised approach which is expected to be implemented from September 2020 will focus on Early Childhood Learning Services and organisations associated with the Leadership Table and the Action Group. Participants will be supported through training and coaching sessions including a session on Consulting with Children.

The Kindy to Prep initiative has been a major focus with members of the Action Group contributing to the associated work including providing advice about approaches, distributing collateral, sharing information across networks and social media platforms.

Financial wellbeing was raised as an issue via the Backing Young Parents Working Group in response to pop up photo shops in local shopping centres enticing vulnerable families into high cost financial commitments.

The Logan Financial Literacy Action Group (FLAG) was invited to present to the Action Group and this highlighted a range of financial wellbeing issues including those as a result of the impact of COVID. The Action Group committed to work with the FLAG to explore options to improve financial literacy for families. In regard to the photos, Action Group members considered options such as whether their organisations might be able to support activities around photos, have photographer at events etc.

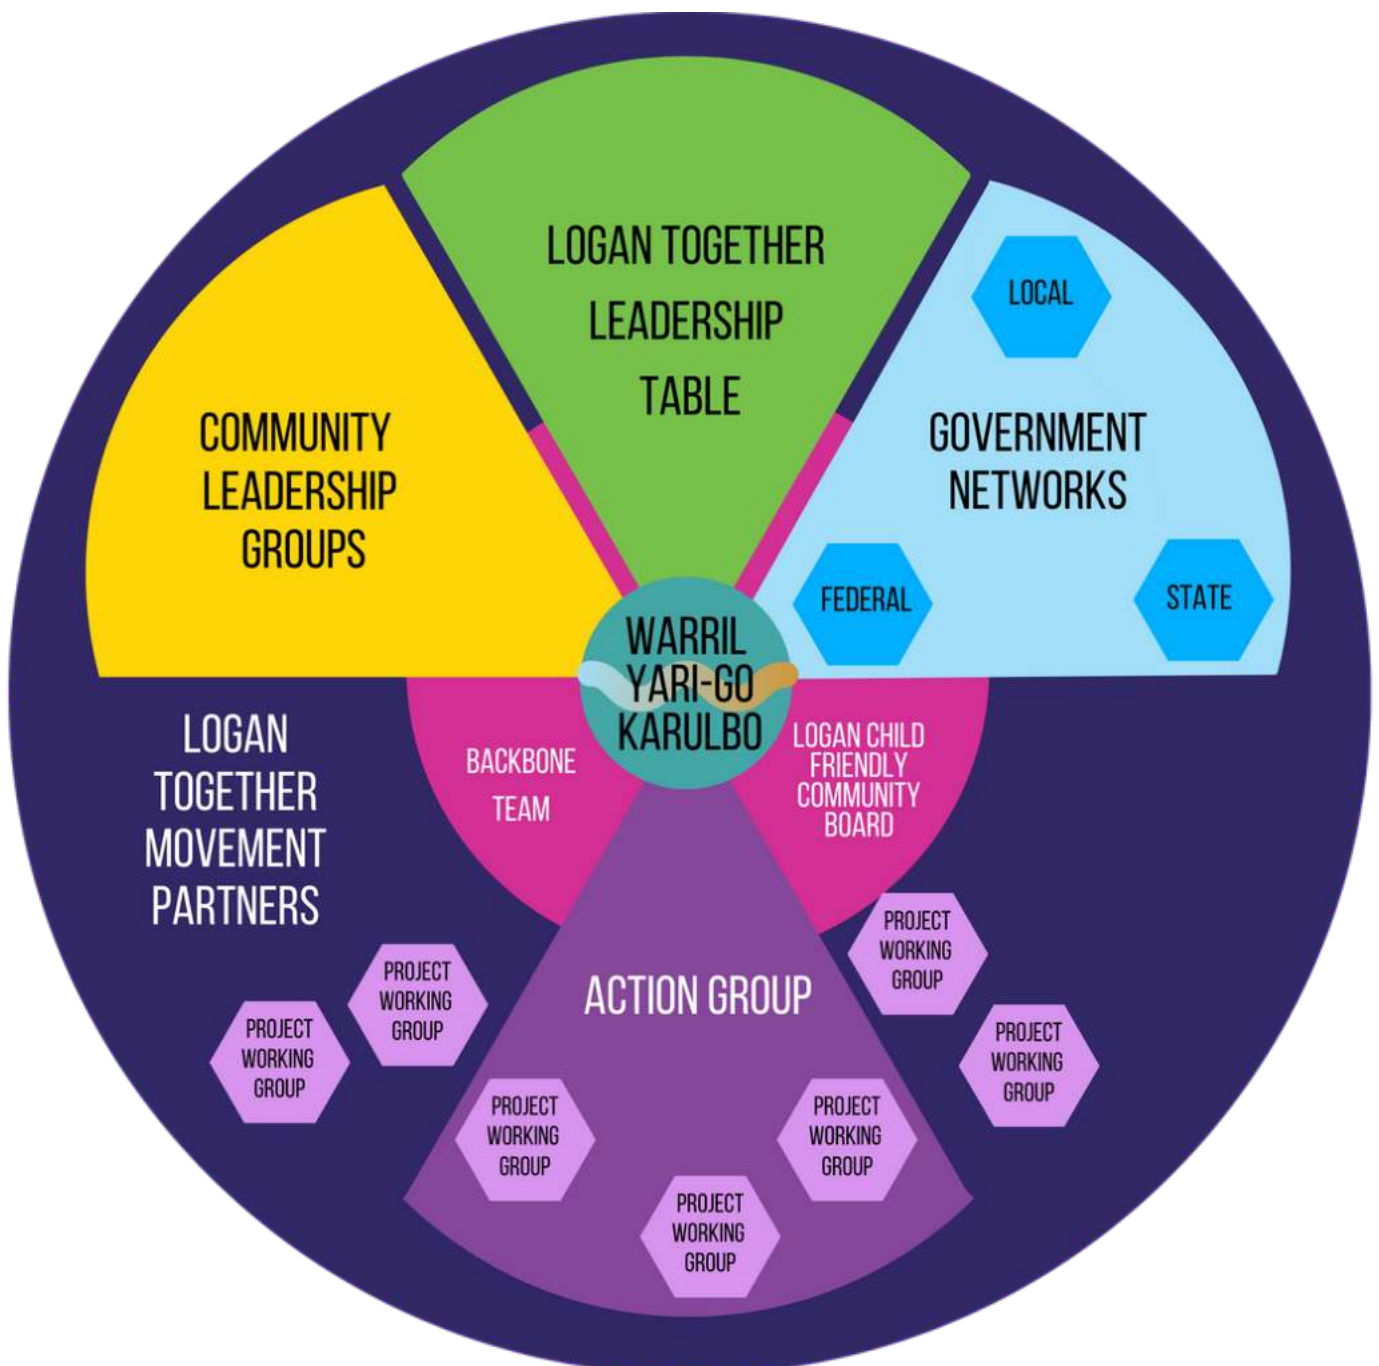

Another issue raised in the Action Group was a very visible display of gel blaster guns in a shop near the supermarket in a major shopping centre. The response included meetings with centre management, the retailer and Gel Blaster Association with the result that some of the guns were moved from view. Further meetings were arranged with Logan City Council and Queensland Police Service and submissions were made in response to a related State Government survey.

The COVID impact and response was a major focus from March 2020. Action Group members and their organisations worked together to share information about impacts and support the response in accordance with priorities identified by the Leadership Table. Most effort involved developing a proactive support network for vulnerable families, addressing the digital divide and support for home schooling, routines and isolation. Examples of actions included the development and dropping off of activity packs to families who were home schooling and contribution to the development and delivery of the Mobile Outreach Project. This project involved identifying streets that were safe and where people could come out to the front yard, see and/or participate in activities and receive activity packs. The focus was about forming relationships and supporting families.

Thanks to the many people who have contributed their time, expertise and action to the group throughout the year.

COLLABORATIVE GOVERNANCE

Our strength and our success will come from working together. This framework shows the different moving parts of Logan Together, how they interact and how together we are all part of the movement.

THE DEEPENING DEMOCRACY PROJECT

The Deepening Democracy Project - Logan emerged from a Logan Together initiative to sponsor invited social change leaders from within Logan to attend *ChangeFest* 2019. Community leaders who were supported to attend decided they wanted ongoing connection with each other, and community activism based on their personal experiences and what they had learned together. On this basis, a working group was formed at the beginning of 2020.

Discussions and shared stories among the working group members, along with those recorded on community day events at the inaugural *ChangeFest* in 2018 and in *ChangeFest* 2019 revealed a clear theme that citizens want their voices to be heard on decisions that impact upon them. People felt frustrated that policies and services were being designed without community input that led to services that did not meet community needs or popular services being withdrawn. People articulated that they wanted to be a serious part of policy and program decision making and to be involved in the co-design of policies, programs and services from their inception. In short, that no policy, program or service design should be decided by any representative without the full and direct participation of members of the group(s) affected by that policy or program.

*"Nothing about us
without us"*

WHY THE FOCUS ON DEMOCRACY?

Democracy gives a name to the idea of giving people "voice". In its most basic form, democracy is a system of governance by "the people". Strengthening people's voice through deepening democracy will mean that people and communities directly participate in policy and program decision making. This structural change means that pressures and challenges that people face in their lives will be heard, making institutions more accountable and responsive to these challenges. Without this shift, people's movements may continue to work on and even win individual campaigns. However, outside of one-off wins, without permanent participative mechanisms in place, ongoing and systematic issues are likely to continue to be overlooked.

HOW DO WE FIND OUR POWER?

The goal of Deepening Democracy is to build community network and support community members to become better at being active in social change and to build leadership capability so that people can mobilise to have influence over the policy decisions that impact their lives by:

- Learning through organising / popular education, and peer to peer support
- Building alliances to build movements
- Creating change through doing / active campaigning

Deepening Democracy sits at the Logan Together Leadership Table as a community leadership group, which enables participation in the Logan Together Collective Impact movement.

THE 2019 LOGAN GET TOGETHER

The Logan Get Together was an amazing day, filled with inspirational local people, ideas being exchanged, connections being made, and fantastic keynote speakers – not to mention the excellent entertainment.

COMMUNITY ACTIVE PARTNERSHIPS

Getting our children active from a young age is really important and The Community Active Partnerships (CAP) program is a way of backing local kids and families to get active during the next three years.

The Queensland Government has provided \$1 million over 2020 - 2022 for the Community Active Partnership Program to enable Queenslanders to participate in sport and recreation activities.

Today's kids face extra challenges to being active. The amount of time Australian kids spend being active outdoors has plummeted. 73% of the previous generation spent most of their childhood outdoors playing as opposed to just 13% of the current generation. And in Logan, the number of kids considered vulnerable under the Physical Health and Wellbeing domain in the Australian Early Development Census (AEDC) is growing.

In 2015 14.2% of Logan kids were vulnerable on the Physical Health and Wellbeing domain. In 2018, that number had risen to 16.3% - nearly twice the national average. Logan kids are now more likely to be vulnerable on this domain than any other measured through the AEDC.

If we are to achieve our overall Logan Together goals of growing kids up well, we must get serious about physical health and wellbeing. That is the overarching goal for this project.

Kicking off in January 2020, this program was challenged by the ever changing rules of COVID. However with ingenuity we have still stayed in the race and kicked a few goals.

A major goal was the production of videos by local coaches with the goal to support children to swap sedentary screen-use for active screen-use. This is a proven approach to supporting Logan children to participate in physical activity, working towards achieving overall health, wellbeing, and life satisfaction.

The Activity Play Packs initiative also responded to COVID conditions. The aim of the project was to provide 1,000 children with physical activity resources to encourage and support children to be active during social distancing. Ninety percent of the activity packs were distributed in the 3 key locations (Woodridge, Kingston, Eagleby) by Logan Together Partners and local service providers particularly in Community Gateway services. Eighteen Logan based partners supported this project through distribution to children and families experiencing hardship in Logan

The program is overseen by the Strategic Advisory Group established early in the program. This multidisciplinary cross-sectoral group, guides the direction of the program and provides valuable insight and advice. Member agencies represented include Queensland Government, Logan City Council, Nature Play QLD, QUT, Griffith University and Logan Together.

The focus moving forward is on growing the capacity of people working with children to embrace the importance of play and physical activity. This will happen hand in glove with growing the capacity of parents to embrace play for their own kids.

LOGAN RIVERS PROJECT

The Logan Rivers Project is a place-based initiative that aims to promote child well being, strengthening family functions and relationships, and support community participation and connections within Yarrabilba and Logan Village. This was achieved through delivery of a range of fun community activities designed as part of a holiday and outside school hours program. parents were encouraged to participate to allow positive interaction with their children. The activities were delivered in easy accessible locations in Logan village and Yarrabilba, comprising of face to face sessions and during COVID-19 disruption, by means of activity packs. These are the key numbers from the project.

COMMUNITY GATEWAYS

Logan Together's Community Gateways project is building up the strength of the many community hubs and centres across the city that provide an essential platform for community life.

While Logan's Gateways are deeply valued by the communities they serve, and the wider service system, this is not reflected in the way they are resourced.

Logan Together partners define a Community Gateway as a place or service for the whole community. Through Community Gateways, community members can:

- take part in activities that benefit them and their families; at their own time and in their own way
- get help to navigate the wider service system to meet their needs
- become active as community members and community leaders in building thriving communities.

The work undertaken clearly identified that different Gateways operate in different ways, and not all elements of this definition will apply equally to all of them. 'Gateway work' describes a particular style and focus of work, not necessarily an organisation – some organisations may specialise in Gateway work exclusively, but for others it may be one of a number of things an organisation does.

The definition is useful because it outlines a form and approach to community services work which various agencies engage with to a greater or lesser extent.

These insights are just part of the Logan's Community Gateways - Operating Framework report which provides an outline of how Community Gateways operate, the evidence behind these operations, and the strategies which can make them more effective.

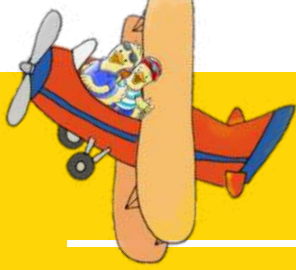

To compliment this a needs analysis was also completed. It examines the current supply and resourcing of Community Gateways in Logan in the context of the city's demographics, and attempts to answer three questions:

- What Community Gateways currently operate in Logan and what are some of their key resourcing needs?
- What are the existing gaps in provision and how could these be met?
- What future needs are likely to emerge as Logan grows?

These two reports provide valuable resources to understand Community Gateways in Logan.

[Download the Community Gateways Operating Report](#)

KINDY TO PREP

With so many different projects underway the Kindy to Prep year has been a big one. Many, many Logan Together partners have been part of the work. Here are some of the highlights:

KINDY SCHOLARSHIPS

For many families in Logan cost is a significant barrier to accessing a Kindergarten education. The Kindy Scholarship Program reduces this barrier by providing scholarships to families most in need to cover their kindergarten fees for 1 year (or 40 weeks). As part of this program, facilitating partners access the scholarships; support families through the enrolment process; and, help to address other barriers to kindergarten participation. These Scholarships are only possible thanks to the generous support of the Logan Community Bank Branches of the Bendigo Bank and individual donors.

EARLY YEARS CHAMPIONS

The Early Years Champions will be newly created roles that are dedicated to authentic engagement with parents and caregivers to increase uptake of kindergarten and other behaviours and practices that are essential for healthy child development.

Engagement with families will be through a variety of channels including one-on-one conversations, group workshops and events. Early Years Champions will also be responsible for embedding a long-term sustainable strategy for kindy and early years promotion in Logan and leveraging partnerships wherever possible.

These special roles will be hosted in community organisations and centres for the best possible outcome. They are expected to be on the ground in the last half of 2020.

LOGAN LOVES KINDY MONTH

The Logan Loves Kindy Month will be the peak event for the Kindy to Prep Program this calendar year now scheduled for October. Initially planned for early in the year COVID pushed it back but did not dampen the enthusiasm of the organising group - made up of more than 13 interested organisations in Logan. The purpose of this month will be to promote and support families get a kindy experience with the longer-term goal of kindy enrolment. The month will showcase the best of kindergarten and give families an opportunity to experience kindy life. Information about every aspect of kindy will be produced and be accessible in both online and printed formats.

STRATEGIC ADVISORY GROUP

This work has been guided by the Strategic Advisory Group. The group is made up of key decision makers across the early childhood education and care sector as well as relevant government departments.

The group met every month to six weeks to discuss the high level strategies that are needed to support Logan children and the early childhood education and care sector. Key issues included: different models of kindy that are inclusive of all; different ways to reach and build relationships with families not currently considering kindy; cultural safety in mainstream kindies; and significant barriers to getting kids to kindy like cost, transport, and lack of awareness.

STRONGER PARENTING

Communities thrive when children thrive, and children thrive when their parents are supported.

During the early years of a child's life the quality of children's relationships and interactions with their parents and other carers has a significant impact on healthy development. Building parental confidence, supporting parents to develop the knowledge and skills to increase the richness of everyday interactions with their children, and strengthening community connection are three effective ways of improving children's health, development and wellbeing in both the short and longer term. The biggest issue we face is that despite knowing this, a lot of our families are not receiving the support they need in the way they need it. Logan Together is looking afresh at better ways to engage with parents, drawing on the best knowledge and experience of partners across the movement.

Our approach has three key components:

Aligning our resources: The Stronger Parenting project is developing a strategic framework, in partnership with our parent-facing community organisations, that seeks to map and focus the parent-facing projects of Movement partners towards achieving Logan Together outcomes.

Honing our focus: Logan families have told us a key challenge they face is finding the time and headspace to navigate the avalanche of parenting advice which descends from all angles in multiple formats. We've heard this can be confusing on a good day and paralysing or triggering on a tough day. In the same vein, our service provider partners have asked for a core set of behaviours and messages to focus on when engaging with parents on child development.

The Essential Child Journey seeks to respond to both insights. Our vision is to create resources that support community workers who engage with parents across the Logan Together movement. Our theory is that if we collectively focus our efforts on the key things that make the greatest difference to a child's development outcomes, we will be able to strengthen childhood outcomes universally and faster. A generic version of the Essential Child Journey has been drafted and we're now connecting with our partners, starting with community hubs staff, to operationalise this.

Designing activities that families want to be part of:

The way we engage with families, and the environment we do this in, has an enormous influence on the uptake and practicing of the home behaviours we're keen to see. 'Logan Sings' is a project in the design stage that aims to bring families together and act as a gateway of change for parents to develop stronger parenting skills. Using the universal language of music and the arts, children and families from across the rich tapestry of Logan, will connect, have fun and celebrate community, family and culture ... a recreational experience that is inextricably tethered to child development outcomes (using the Essential Child Journey as the source).

A thorough assessment of the impact of this program will be undertaken to ensure the outcomes are worth the investment and level of risk in trying something new. This will include a family engagement phase, working with community hubs and families connected to them to determine the feasibility, roll out and reach strategy and funding scope.

STRONGER TOGETHER AN ANTHEM FOR LOGAN

Stronger Together Logan is an online portal developed in March 2020 when Queensland went into a COVID-19 lockdown. At this time there was an avalanche of, and constant change in, information, updates and messaging. The portal offered a space that was reliable, useful, and relevant to Logan families.

On the site information was curated to assist people find the information they needed when they needed it! For families, for kids, for sector were all points of entry. Community members were encouraged to share how they were living through COVID.

The site created much interest and was the inspiration behind many other collaborations.

Notably the writing, recording, singing and filming of a new Anthem for Logan - Stronger Together.

The strength, spirit and resilience of the Logan community was captured in an unofficial local anthem made by its community, for its community. Launched during Under-8's Week, a celebration of Logan's littlest people will combine with a celebration of the community spirit at the Logan's heart to create Stronger Together: the song.

The song, part of Logan Together's Stronger Together Logan campaign and driven by First 5 Forever and the Logan Together Backbone Team, was penned, composed, sung and produced by Logan locals, and the video features images of Logan's kids throughout. Local vocalists Mad Mike (Michael Orcher), Tuuta Finau aka Junior Finau, and Emily Pluckrose are the singers.

COMPUTERS FOR COMMUNITY

Bridging the digital divide inside and out!

As a result of COVID-19 social distancing restrictions imposed by the Queensland Government, many primary, secondary and tertiary education facilities have transitioned their programs from class-based delivery to online delivery formats. Additionally, closure of Council libraries in Logan prevent families from accessing publicly available computer resources for study purposes.

These factors exacerbated an existing digital divide - where most in the community have access to home computers and could continue their studies online - a large number of disadvantaged families experienced interruption to their education because they didn't have a computer or sufficient internet data for use in the home.

In response, Logan Together partnered with YFS' Substation 33, ConnectUp and Giveit, and Communities for Children to distribute reconditioned desktops, laptops, tablets for \$100 per unit, and free student desks to community members in need. In addition, Logan Together offered \$100 mobile data bursaries to recipients of units where required.

Families needing hardware and data were identified by Logan's Community Gateways, with these organisations also collaborating in the distribution and set up of units in the homes of families receiving the computers with the assistance of trained volunteers sourced through the Care Army.

In total this amazing partnership was able to provide 125 desktop computers and 50 tablets with docking stations to Logan families.

A very big thanks to the Bryan Foundation for making this possible.

MOBILE OUTREACH - AFTERNOON ANTICS

Due to Covid-19 restriction, many local support services and activities moved to online formats. As a result, families with no device or data at home that were previously able to access support services could no longer do so. In an environment where employment, housing and income have been effected, Logan's children and families are at risk of becoming increasingly more disadvantaged during this time as they are socially isolated and lacking connection to local services, information and support.

A working group of key local partner organisations are collaborated to deliver the Mobile Outreach Pilot Project, a place based initiative reaching out to local Logan families. The Project provided access to information, resources and connection to their community during this time and as we moved into covid-19 recovery. The Logan Together Backbone team is providing coordination and working closely with local community organisations to lead the delivery of the mobile outreach activity in their local community, in partnership with Reclink Australia, and other supporting partners.

ROADMAP PROJECT HIGHLIGHTS

MATERNITY HUBS

Since the opening of the Village Connect Maternity Hub in April 2020 there is an increased level of engagement, with over 85% of mums getting involved in other Village Connect activities, along with strong engagement in playgroups, men's group and Gestational Diabetes education sessions. Women and midwives reported increased satisfaction due to the supportive environment provided by the Village Connect hub. Village Connect has also agreed to host the Singing for Strength Pilot commencing in the near future.

The commitment to achieve 30% of women having access to MGP / HUB model care by July 2020 was reached early and the number of midwives across all four hubs increased from 12 to 33 during the year, again signalling patient demand and funder commitment!

CHILDREN'S CHARTER

Renewed vigour has accompanied the Children's Charter as COVID restrictions lifted and life began returning to normal and this project to build a child friendly community is set to take off. Expressions of interest for implementation of the Children's Charter were distributed to members of the Leadership Table and Action Group late in the year, with some partners already on board and taking up the offer for assistance to implement within their organisations.

Moving into the 2020-2021 financial year work will focus on capacity building activities with early learning services in Logan.

THRIVING AND ON TRACK

Thriving and On Track (TOTS) is a collaborative initiative that aims to increase timely access to child development checks and early intervention services for children in the 2.5 – 3.5 year age group in target locations.

In 2019-2020, a number of studies/workshops identified changes to be made to the TOTS model for 2020. These changes were expected to improve the uptake of child health checks and subsequent referral and access to specialist support.

In late 2019, it was agreed by the steering committee and executive level to expand the TOTS program to an additional six communities with high levels of developmental vulnerability and to support program coordinator positions for implementation in these communities. There is excitement about how these changes will improve the lives of children in Logan moving forward.

THANKS TO OUR SUPPORTERS

Logan Together can only achieve things for Logan children because of the support we receive from our funding partners. Our deep thanks to the following wonderful institutions:

**The Australian Government
Department of Social Services**

Queensland Government

Logan City Council

Vincent Fairfax Foundation

The Bryan Foundation

Dusseldorp Forum

Bendigo Bank

THANKS TO OUR COVID PARTNERS

This year we were grateful for the rapid support offered by many partners to help us respond to the COVID-19 emergency.

A huge thanks to:

Vincent Fairfax Foundation

The Bryan Foundation

Dusseldorp Forum

for their extra support this year.

OUR FINANCIAL REPORT

The Logan Child Friendly Community Charitable Trust was established prior to Logan Together as a vehicle to attract donations and philanthropic investment for the benefit of Logan children. Funding Griffith University to host the Logan Together project became the main focus for the Trust from 2015 to 2018.

From July 2018 Logan Child Friendly Community Ltd – a charitable company – took over from Griffith University as the entity responsible for the Logan Together project. The Company enjoys DGR1 status as a Public Benevolent Institution (PBI).

The Charitable Trust continues as a vehicle to fund activity that is inconsistent with the operating requirements of a PBI (such as undertaking policy or research work) and may be used more widely to resource other community benefit activity into the future.

Notes to the Financial Statements

LOGAN CHILD FRIENDLY COMMUNITY LIMITED

For the year ended 30 June 2020

1. Statement of Significant Accounting Policies

The directors have determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the purpose of complying with the Australian Charities and Not-for-Profit Commission Act 2012 and the Australian Charities and Not-for-Profit Commission Regulation 2013.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

The financial statements have been prepared in accordance with the requirements of the following Australian Accounting Standards.

- AASB 101 Presentation of Financial Statements
- AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors
- AASB 110 Events after the End of the Reporting Period
- AASB 1048 Interpretation and Application of Standards
- AASB 1054 Australian Additional Disclosures

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standard Board have been applied

Income Tax

The entity is tax exempt and is not required to assess or report for income tax purposes

Property, Plant and Equipment

Property, plant and equipment is initially recorded at the cost of acquisition or fair value less, if applicable, any accumulated depreciation and impairment losses. Plant and equipment that has been contributed at no cost, or for nominal cost, is valued and recognised at the fair value of the asset at the date it is acquired. The plant and equipment is reviewed annually by directors to ensure that the carrying amount is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the utilisation of the assets and the subsequent disposal. The expected net cash flows have been discounted to their present values in estimating recoverable amounts.

Trade and Other Receivables

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the company that remain unpaid at 30 June 2020. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

Employee Benefits

These notes should be read in conjunction with the attached compilation report.

Provision is made for the liability for employee entitlements arising from services rendered by employees to 30 June 2020. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related costs.

Provisions

Provisions are recognised when the entity has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

The provisions shown on the balance sheet are for employee leave and on cost accrued liabilities.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Goods and Services Tax

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

Revenue Recognition

Revenue from donations is recognised when the donations are received.

Revenue from interest is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST).

Revenue from grants received under enforceable agreements, where there are sufficiently specific performance obligations imposed, is deferred in the balance sheet as unearned income until the obligations are satisfied. If the performance obligations are not sufficiently specific, revenue will be recognised immediately when the company obtains control of the cash.

	2020	2019
2. Receivables		
Current	222,968	86,000
Total Receivables	222,968	86,000

	2020	2019

These notes should be read in conjunction with the attached compilation report.

Directors Declaration

LOGAN CHILD FRIENDLY COMMUNITY LIMITED For the year ended 30 June 2020

The Board of Directors of Logan Child Friendly Community Limited has determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies in Note 1 to the financial statements. The Board of Directors declare that:

- 1.
2. In the opinion of the Board of Directors, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

The declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the Directors by

Director: Margaret Allison

INDEPENDENT AUDITOR'S REPORT

To the members of Logan Child Friendly Community Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Logan Child Friendly Community Limited, which comprises the Balance Sheet as at 30 June 2020, the Income Statement, Movements in Equity and Statement of Cash Flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, and the directors' declaration.

In our opinion the accompanying financial report of Logan Child Friendly Community Limited, is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (i) Giving a true and fair view of the Company's financial position as at 30 June 2020 and of its financial performance for the year then ended; and
- (ii) Complying with Australian Accounting Standards to the extent described in Note 1 and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Australian Charities and Not-for-profits Commission Act 2012* (ACNC Act) and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Basis of accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Company's financial reporting responsibilities under the ACNC Act. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the directors of the Company for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the ACNC. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf

This description forms part of our auditor's report.

Brisbane, 24 December 2020

Compilation Report

LOGAN CHILD FRIENDLY COMMUNITY LIMITED

For the year ended 30 June 2020

Compilation report to LOGAN CHILD FRIENDLY COMMUNITY LIMITED

We have compiled the accompanying special purpose financial statements of LOGAN CHILD FRIENDLY COMMUNITY LIMITED, which comprise the balance sheet as at 30 June 2020, the income statement, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Directors

The directors of LOGAN CHILD FRIENDLY COMMUNITY LIMITED are solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the directors we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial statements were compiled exclusively for the benefit of the directors who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.

Notes to the Financial Statements

Logan Child Friendly Community Charitable Trust For the year ended 30 June 2020

1. Statement of Significant Accounting Policies

The directors of the trustee company have prepared the financial statements of the trust on the basis that the trust is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the trust deed, and the information needs of stakeholders. The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the previous period unless stated otherwise. The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The financial statements were authorised for issue on 24 December 2020 by the directors of the trustee company.

The financial statements have been prepared in accordance with the requirements of the following Australian Accounting Standards.

- AASB 101 Presentation of Financial Statements
- AASB 101 Presentation of Financial Statements
- AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors
- AASB 110 Events after the End of the Reporting Period
- AASB 1048 Interpretation and Application of Standards
- AASB 1054 Australian Additional Disclosures

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standard Board have been applied

Provisions

Provisions are recognised when the trust has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

Revenue Recognition

Revenue from donations is recognised when the donations are received.

Revenue from interest is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST).

Revenue from grants received under enforceable agreements, where there are sufficiently specific performance obligations imposed, is deferred in the balance sheet as unearned income until the obligations are satisfied. If the performance obligations are not sufficiently specific, revenue will be recognised immediately when the company obtains control of the cash.

Goods and Services Tax

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

These notes should be read in conjunction with the attached compilation report.

Trustee Declaration

Logan Child Friendly Community Charitable Trust For the year ended 30 June 2020

The directors of Logan Child Friendly Community Limited declare that Logan Child Friendly Community Charitable Trust is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 of the financial statements.

In accordance with a resolution of the Board of Directors, the directors of Logan Child Friendly Community Limited declare that:

1. The financial statements and notes present fairly Logan Child Friendly Community Charitable Trust's financial position as at 30 June 2020 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 of the financial statements.
2. In the directors opinion there are reasonable grounds to believe that Logan Child Friendly Community Charitable Trust will be able to pay its debts as and when they become due and payable.

INDEPENDENT AUDITOR'S REPORT

To the members of Logan Child Friendly Community Charitable Trust

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Logan Child Friendly Community Charitable Trust (the Entity), which comprises the Balance Sheet as at 30 June 2020, the Income Statement and Movements in Equity for the year then ended, and notes to the financial report, including a summary of significant accounting policies, and the Trustee Declaration.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 30 June 2020 and of its financial performance for the year then ended in accordance with the basis of accounting described in note 1.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the trust in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Basis of accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the trust's financial reporting responsibilities under the trust deed. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the directors of the trustee for the Financial Report

The directors of the trustee of the trust are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the trust deed. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the trust's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the trust or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf

This description forms part of our auditor's report.

Compilation Report

Logan Child Friendly Community Charitable Trust For the year ended 30 June 2020

Compilation report to Logan Child Friendly Community Charitable Trust

We have compiled the accompanying special purpose financial statements of Logan Child Friendly Community Charitable Trust, which comprise the balance sheet as at 30 June 2020, the income statement, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Directors

The directors of Logan Child Friendly Community Limited are solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the directors we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial statements were compiled exclusively for the benefit of the directors who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.
