WHAT'S NEXT

As we gather these voices, we will look at them together to find what the major opportunities and challenges are for our young children and their families. We are listening to find out where we should focus our efforts together.

Anything you share today will be anonymous!

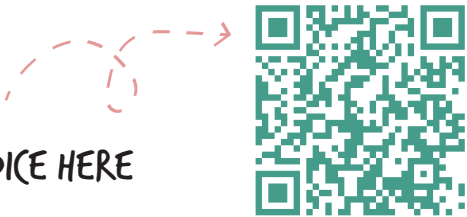

THANK YOU FOR YOUR TIME

We would very much like to be able to keep in touch, to share the voices of others and to invite you to help move your thoughts into action. Together we are turning the power around and ensuring we make the decisions that will impact our own future.

LOGAN TOGETHER

We are part of Logan Together– a community movement focussed on the children of Logan aged 0-8 years, including throughout pregnancy and birth.

Our big goal is to make sure the children of Logan are happy and healthy for generations to come.

We believe the only way this can be achieved is to listen to the community and work together with the community.

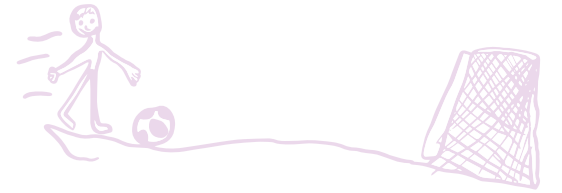

We know community has the answer as to how our young children can shine and we want to hear your voice and your big ideas for change. We want to turn the power upside down and give our community the chance to make the decisions that affect their lives.

To do this, we are committed to collecting the voices of 1000s of Logan residents.
