OUTCOMES FOR LOGAN'S CHILDREN

★ SIGNS OF SUCCESS ★

Loved and Safe

Children have a safe, protective environment in which to grow

Children have a strong sense of belonging, connection and community

Parents and community have a good understanding of child development

Material Basics

Children have access to quality, healthy food

Secure and stable housing

Stable employment

Healthy

Children meet each developmental milestone, or receive the personalised support they need to thrive.

Improved birthing experience and outcomes for mums, babies and families

Learning

Children are playing, with play being considered a critical learning tool

Access to the 'village' of wrap-around support to children and their families community

Educational setting in early childhood and primary school actively promote safety, inclusion and a sense of belonging for all children and families

Engaged children and students and families with a positive view of themselves as learners

Children feel safe and secure in their environment

Adults feel safe to walk in the streets

Children and young people recognise themselves as belonging

Social connections able to play together - needs networks

Caring Relationships

Strong attachment in the first 1000 days [of a baby's life]

Positive Behaviour

Parent/carer/ services understanding of child development

Food security

Mortgage and rental stress

On track at Age 2

Mums access antenatal support

Natural births

Children have a backyard or a green space they can access independently

Children can play where they live

Parents actively involved in children's learning journey - not just their own children (village)

Psychologically safe at school

Safe environment

Cultural diversity in school & kindy staff - to feel safe, people want to see themselves represented

Sense of belonging and inclusion

All children have a story of being capable - work with adults (parents and ECEC staff) to promote this capability

Levels of violence
Safe space for parents - non-judgemental help available

We look out for other people's kids, we support each other

Neighbours know each other at home and in the community e.g. school and childcare

Humanity - kindness for each other

Empathy

Children have healthy brains

Developmentally on track

Healthy food is readily available

Children have a safe and comfortable home

On track at Age 5; physically, socially, emotionally, in language, understanding, communication and general knowledge

More women not smoking during pregnancy

Breast feeding

Children engage in nature/green space
Range of freely accessible play (recognised as learning) activities in the community

Parents' education level

Perceived value of education

Good support networks (family learning spaces)

No children in Prep, Y1 or Y2 to experience suspension or 'disciplinary absence'

All children are valued, equal opportunity - daycare, primary and prep

Children feel safe and understood when displaying emotions

Ready ECEC, ready families, community, ready schools = ready children

Children engaged in learning
